

Travel Bug Tour Connections

MEXICO OAXACA

Festival of Guelaguetza

July 23 - August 1, 2020

\$2500

Our wintertime trips to Oaxaca provide you with a much-needed respite from snow and ice. Steep yourself in warmth, in the enjoyment of sumptuous food, and get to know the artisan traditions of the region. The winter trips also focus on organic farms, the grassroots non-GMO movement, and regional sustainability efforts. We donate a portion of the tour's proceeds to the farmer's market of your choice..

Oaxaca's high elevation means cool mornings and evenings all summer long. Daytime temperatures are moderate. Our Guelaguetza tour is a perfect opportunity to escape the heat, discover an extraordinary cultural event, and expand your culinary repertoire.

The Guelaguetza is an annual nine day festival. Seven major indigenous communities, along with many smaller groups, gather in the city to present traditional dancing, costumes, parades, walking bands, native food, and artisanal crafts. It is the most famous indigenous gathering of its kind in Mexico.
